

The Daily SEL Leader: Increasing Teacher Retention

*Unite, Engage, and Empower Educational Leaders
for Enhanced Teacher Retention and Well-being*

Explore this dynamic 16-week program designed for school and district leaders committed to improving teacher retention, job satisfaction, and combating stress and burnout. Equip your team with practical strategies for a more supportive and resilient teaching environment.

Program Models

- National Cohort: Collaborate in a nationwide forum with up to 35 leaders. Investment: \$749/person. Launching Spring/Summer 2024.
- District Cohort: Build an internal team of 25-35 leaders for targeted development. Optional coaching and professional learning enhancements available.
- School Cohort: Focus on a school's unique culture with tailored strategies. Coaching and professional learning options available.

Who Should Attend

- Leaders at all levels, including:
- District-Level Leaders and Superintendents
- School Administrators
- Teacher Leaders

Program Highlights

- Practical Strategies: Tailored to help leaders boost teacher retention and satisfaction.
- Reduced Stress and Burnout: Focused approaches to create a healthier teaching environment.
- Leadership Development: Enhance leaders' capacity to support and lead educators effectively.
- Flexible: Attendees can join the dynamic National Cohort where they will collaborate with leaders around the globe or launch a school or district cohort focused on the unique needs of your educators.

Embark on a journey to systematically improve educator retention, satisfaction, and reduce stress and burnout, fostering a more supportive and satisfying teaching environment.
